PRODUCT DESCRIPTION

Available in any of **Fence-All's** popular Iron Styles, **Estate Gates** are a stately and inviting larger scale version of a driveway gate that can be fitted for automated gate operators.

Because of the large size, these gates typically include a cane bolt bracket for each gate leaf.

Fence-All design consultants are trained and experienced to help you design something that will meet all your needs. There are options for automated telephone systems, custom sized pillar posts, specialty hardware and framing techniques.
