PRODUCT DESCRIPTION

Add strength to select styles of wood fence. The Forest Hill on PostMasters starts as low as \$119/foot <u>Fully</u> <u>Installed</u>. PostMaster Steel posts will remain visible from some angles, particularly on gate posts. Steel Posts have many benefits:

Longevity:

Typically posts are the first structural component to wear in a wood fence. Steel Posts solve that problem.

Strength:

PostMaster posts can handle more than double the usual maximum wind load on a fence.

Warranty:

PostMaster posts include a <u>15 year manufacturer's warranty</u>. Wood has none.

Cost of replacement:

Years from now if the fence needs to be replaced it can be done without reposting. The savings will be substantial.
