## **PRODUCT DESCRIPTION**

Grand Emerald Gates have soft pickets over a cedar fill. The example here shows an Grand Emerald w/Scalloped Picket Topper Style gate with Pre-Stained "Natural" Standard Cedar Boards, Gothic Caps and an Overhead Brace.

"Concave" refers to the shape of the curve on top of the fence. If the the arc is higher in the center than at the posts it's convex. If the arc is lower in the center than at the posts it's concave.

Standard Vinyl/PVC Gates are priced at twice the price per foot of the matching fence style. For example, if a fence style is \$80/ft a matching gate will start at \$160/ft.
