## PRODUCT DESCRIPTION

Add strength to select styles of wood fence. The Hamilton w/PostMaster Steel Posts starts as low as \$109/foot [Fully Installed](#). **PostMaster Steel posts will remain visible from some angles, particularly on gate posts.** Steel Posts have many benefits:

### Longevity:

Typically posts are the first structural component to wear in a wood fence. Steel Posts solve that problem.

### Strength:

PostMaster posts can handle more than double the usual maximum wind load on a fence.

### Warranty:

PostMaster posts include a [20 year manufacturer's warranty](#). Wood has none.

### Cost of replacement:

Years from now if the fence needs to be replaced it can be done without reposting. The savings will be substantial.
