PRODUCT DESCRIPTION

Prices for Pool Gates start at \$169 [Fully Installed](#) (posts and hardware extra).

Many municipalities require a special tighter spaced chain link mesh for pools, hot-tubs, and other applications where safety is a concern. You can still take advantage of vinyl covered wire in your [choice of colour](#) with treated steel hardware and framework. There is also an option for Powder Coating so the frame and fittings all match the mesh.

Any of our Residential Chain Link Gates are available with this special Pool Chain Link. Please make sure to specify this as a special note on your particular order. Call [613-736-1122](tel:613-736-1122) for more details.
