## PRODUCT DESCRIPTION

Starting as low as \$109/foot [Fully Installed](#), the Princeton offers a cost effective way to decorate a Hamilton fence with an eye-catching soft curve along the top.

"Convex" refers to the shape of the curve on top of the fence. If the the arc is higher in the center than at the posts it's convex. If the arc is lower in the center than at the posts it's concave.

The example above is in pressure treated lumber, with pyramid caps, stepped to follow the grade.
