## ADDITIONAL INFORMATION

Heights	7', 8', 10', 12'
Post Caps	Fence-All Cap
Pre-Staining	Jarrah Brown, Natural, Mahogany Flame, Honey Teak

## PRODUCT DESCRIPTION

As the name implies, Sound Inhibitor is meant to help those who live along busy roadways. Starting as low as \$249/ft [Fully Installed](#), the bigger the budget the more that the sound can be buried.

**Appearance:** Douglas fir has a clean, consistent look with a reddish brown tone that darkens over time.

**Durability:** Treated Douglas fir can be just as long-lasting as cedar in many applications.
